WAI YOUNG, MP VANCOUVER SOUTH

Congratulations!

On behalf of the Government of Canada, I am delighted to bring warmest congratulations to the establishment of the *North American Jimei Alumni Association*.

For almost a century, Jimei Schools have been dedicated to advancing academic endeavours under the legacy of its famous founder, Mr. Tan Kah Kee, who has made great strides in philanthropic and academic endeavours. Since 1913, the twelve well-equipped schools he founded in Jimei town have upheld a standard of service to the community and promoted a spirit of excellence in its students.

Because thousands of Jimei alumni are now residing in North America, the North American Jimei Alumni Association will provide important services to foster a sense of community and look after the well-being of members.

I wish to extend my appreciation to you on the launch of this meaningful and truly beneficial organization. This is a wonderful initiative that will improve integration to Canadian culture and society, as well as strengthen our unique multicultural heritage of diversity. Please accept my best wishes for a very successful future ahead!

Yours Truly,

Wai Young 楊蕭慧儀
Member of Parliament, Vancouver South
Vice-Chair, Canada-China Legislative Association

May 2012
